- Slip resistant pattern
- Low maintenance and easy to install
- More cost-effective
- Made of linear low-density polyethylene (LLDPE)
- UV Ray resistant
- 62.5 lbs. per square foot of flotation, including dead load
- Standard dock - 14 5/8" (37.14cm) tall
- Low Profile dock - 7 5/8" (19.36cm) tall

## Swim, Climb & Slide

Floating swim platforms, swim ladders and slides add excitement and variety to the camp's waterfront area, providing campers with fun and engaging activities. The versatility of EZ Dock swim platforms allow camps to build the exact waterfront swim area that meets their needs. As needs of the camp change, the floating platform sections can be easily converted or expanded.

- Swim platforms, swim ladders and slides provide camps safe, accessible, and enjoyable water activities that promote physical activity, social interaction, skill development, and memorable experiences for campers.
- Swim ladders provide campers an easy and safe way to climb in and out of the water.
- Slides are made from high-quality materials that ensure long-term durability and minimal maintenance requirements.

# Fishing Piers

EZ Dock fishing piers offer camps a versatile and sustainable solution for providing accessible fishing opportunities that promote safety, environmental stewardship, education, and recreation. By incorporating fishing piers into their waterfront facilities, camps can enhance the overall camp experience and create lasting memories for campers of all ages and abilities.
